

Where To Go Camping Guide
Hiking & Backpacking Location Input Form

Name of Trail or Location: _____

Where it is located: _____

Trail length _____ miles round trip one way (vehicle shuttling required)

Altitude range: _____ feet to _____ feet

Preferred season (which months?): _____

Trail difficulty: Easy Moderate Difficult Strenuous

- *Easy:* An easy trail traverses gentle terrain with short ascents or descents. Route finding is not a problem and the trail bed is easy to negotiate.
- *Moderate:* May have longer or more pronounced grades. There may be sections where the trail is rough or difficult to find.
- *Difficult:* Trail has steep elevation gains and losses. The route may be non-existent in places or difficult to track.
- *Strenuous:* Extremely steep grades with very large elevation gains. Trail is very rocky and/or eroded, making it difficult to traverse. The trail may be non-existent in places and/or require more advanced navigational skills. Not recommended for inexperienced hikers and hikers must be in very good health and have recently participated in physical conditioning.
