INSTRUCTIONS

1. Fill out one form for every \$750 a Scout sells, if he sells \$1,500 fill out 2 forms.
2. Fill out each form completely. Incomplete forms may be discarded, as we cut these to put into the drawing, if each form is not complete we can not notify him if he wins.
3. Do NOT cut forms prior to turning in. We use these to record top sellers.
4. Make as many copies of this sheet that you need. You can type information in by going to the popcorn disk and entering the information, this is in an excel spreadsheet.
